Government of India
Ministry of Agriculture & Farmers Welfare
Department of Agriculture & Farmers Welfare

D.O. No. Z-11021/32/2023-DA

Dated the 17th February, 2025

Dear Chief Secretary,

As you are aware, the creation of Farmer Registry has been taken up by the states and some of the States have made a significant progress while other States are likely to onboard very soon. In this regard, the States have been requested to seed the Farmer ID into PM Kisan Database as well. Further, the States have been informed that the seeding of Farmer IDs in PM Kisan Database will be compulsory to get the PM Kisan benefit after March 2025.

The Ministry, however, is also aware that in some of the states, the land records are not updated and it will require some time for the updation of those records before the Farmer ID can be created for such farmers and get seeded into PM-KISAN database. To handle this issue, in concurrence with the Department of Land Resources, a joint letter has been issued on 13th December, 2024 mentioning that a special provision would be given for farmers, whose lands are in their ancestor name, to apply in legal heir portal of the Farmer Registry where they can make a mutation request that their names need to be updated in land records. Such Farmers would be given a request number, which would give them an additional time of 3 months during which seeding of Farmer ID into the PM KISAN database would not be insisted. Copy of the letter is enclosed herewith. The legal heir portal has also been provided to the needy State.

The progress of PM-Kisan Saturation till date is given in the annexure. As can be seen, efforts are still required at the State level to register PMK beneficiaries.

The MIS Report is available in the Farmer Registry Portal (extracts enclosed) using which the District Administration can find out the village wise details of the farmers who are in PM-kisan but their Farmer Id is not created. Their phone numbers are also available.

I would like to request you to direct the concerned department of your state to take up this task on a war footing, to complete seeding of all PM-KISAN beneficiaries with Farmer ID, except for those who require updation in land records for whom Request ID would be enough, by March 2025, for continuing the release of funds under PM-Kisan. A regular review at your level will give the necessary push to achieve this target.

With regards

Yours sincerely,

(Devesh Chaturvedi)

Chief Secretary of all States/UTs
